## SUMMARY OF SCHOOLS.

During the year two schools have been maintained. The scholars in District No. 3 (formerly) have been to Jaffrey, thereby giving them more schooling than would have been possible had a school been kept in that district. Number of scholars, 28; average length of schools, 23 weeks. The fall terms were closed under unfavorable circumstances, by reason of snow making it almost impossible for the scholars to attend.

B. H. SANDERS.

## LIBRARY REPORT.

During the year there has been added to the books by purchase 15 copies; there has been loaned to the library, free of cost, except express charges here and return, about 40 books and 200 pictures. While schools were in session the teachers made use of books, so far as any were available, which had reference to studies pursued in the schools.

B. H. SANDERS, for Trustees.
